# Our farm

*Happy Cows =  
Great Tasting Ice cream*

We've been supplying customers with our milk and cream products for over 80 years. And recently, many of you have been asking us to produce our own ice cream too. So that's exactly what we're doing. Of course, we use only the highest quality products – wholesome milk from our dairy cows, blended with exotic natural flavours, carefully sourced from around the world.

Ice Cream

## All Flavours

Made by our family, for your family, locally on our farm in Lisburn. The result is some of the richest, creamiest ice cream imaginable, freshly made every day, in our own modern ice creamery. Ice cream the way it's supposed to be.

treat with love

Available in: 5L

### Nude

Here's a new taste sensation for you. Pure, unadulterated ice cream, made with pure, unadulterated Draynes Farm milk and cream. It's traditional old-school ice cream, with nothing added, and nothing taken out. Nude, in fact. And the taste? Well, we could say it's amazing. We could say it's utterly unique. But most of all we'd say it's sublimely, deliciously more-ishly yummy.

Available in: 5L, 1L & 125ml

### Vanilla

When it comes to our ice creams, we accept no compromise. That's why we only use the finest ingredients, such as mellow-flavoured Royal Bourbon vanilla extract, direct from the exotic island of Madagascar. Its sweet, creamy, velvety after-tones provide a subtle hint of vanilla, allowing the underlying flavour of our ice cream to shine through as well.

Available in: 5L, 1L & 125ml

### Honeycomb

Unleash your inner child with this honeycomb ice cream for adults. What we mean is that this is a honeycomb ice cream that doesn't overwhelm the palate... and stick your teeth together. It allows the creamy nature of the ice cream to shine though, while still providing the deliciously sweet and satisfying crunch that only a carefully prepared honeycomb can deliver.

Available in: 5L, 1L

### Sea Salted Caramel

Some say our Salted Caramel ice cream is an acquired taste. And we couldn't agree more. After one mouthful, you'll have acquired the taste for more of this truly more-ish, smooth and sophisticated frozen delectation. Go on, indulge yourself and explore a new taste sensation. Some say it's the perfect accompaniment for chocolate torte. We say it's just fine with raspberries. We'll let you decide!

Available in: 5L

NEW

### Raspberry Ripple

It all starts with our utterly unctuous, unadulterated Nude Ice Cream, made with Draynes Farm pure milk and cream. Into this we drizzle in our own specially blended rich raspberry coulis to deliver a zesty burst of sharp, fruity flavour. Your tongue will tingle with delight every time it hits a rich seam of ripple, urging you to mine ever deeper...until alas, it's all gone!

Available in: 5L, 1L

### Mint Chocolate

Some might say it's the perfect flavour for summer refreshment. We say it tastes wonderful any time of the year. As if the smooth, velvety unctuousness imparted by flakes of dark Belgian Callebaut chocolate were not enough, we've gone and added an extra hit of pure peppermint essence to create a Mint Chocolate ice cream of jaw-dropping loveliness.

Available in: 5L

NEW

### Honeycomb & Chocolate

Just when you thought it couldn't be improved, we've gone and made our Honeycomb Ice Cream even better! A subtle combination of exquisite milk chocolate chips with sweet, crisp shards of honeycomb take this heavenly concoction to another level of blissful indulgence. One bite and you'll be hooked. And don't say we didn't warn you!

Available in: 5L, 1L & 125ml

### Strawberry

As with all our flavours, subtlety is the determining factor in our strawberry ice cream. Premium natural strawberry purée, made from real, whole strawberries, is carefully blended into our ice cream to create a taste experience that can be teased out, savoured and enjoyed. It's ice cream for adults – but that's not to say that youngsters won't enjoy it just as much too.

Available in: 5L, 1L & 125ml

### Chocolate

Take only the finest premium cocoa powder, mix it gently with our pure ice cream, and the result is a truly spectacular gourmet ice cream. Rich, dark and certainly more full-on than our other flavours, Draynes Farm Chocolate ice cream gives a chocolate hit like no other. Wonderful on its own, some might say it's even better with a large dollop of our freshly whipped cream!

Available in: 5L

### Bubblegum

It's the taste of nostalgia, guaranteed to trigger happy childhood memories of swapping bubble gum wrappers in the playground and hanging out with your mates after school. What's more, it tastes so good you'll want to chew it. Just don't try to blow any bubbles!

Available in: 5L

NEW

### Dark Chocolate Sorbet

Absolutely fabulous, with an intense chocolate flavour, this sorbet is definitely a chocolate lover's dream. The bitter-sweet, complex flavours of the dark Belgian chocolate deliver a truly exceptional taste sensation and the texture is rich and creamy, shockingly like ice cream, yet entirely dairy free. For an added hint of indulgence, why not top with some roasted walnuts and honey just before serving?

Available in: 2.5L

NEW

### Shortcross Gin & Tonic Sorbet

In a perfect partnership between two renowned local producers, our sorbet features the floral-meadow notes of Shortcross Gin, from Rademon Estate Distillery in Crossgar. We carefully blend this exquisite spirit with premier tonic, sugar and our own crystal-clear water in an entirely new and fascinating way. The resulting sorbet is full of character. The sugar serves to boost the flavours and enhance the texture, so Draynes Farm Gin & Tonic Sorbet is not overly sweet and retains its crisp, clean-cut bitterness and grassy notes.
